

K L H V I R T U O S O S E R I E S

SOME PEOPLE HAVE
AN EAR FOR MUSIC,
SOME PEOPLE
HAVE THE SPEAKERS
TO PROVE IT.

There are those for whom music is more than a casual diversion.

It is something so personal, so tangible that it's become a very part of them. They can no more imagine a day without music than a day without sunlight. In other words, our kind of people.

For nearly four decades, KLH has been fanatic about music. Here is our tribute to lovers of music, from Sinatra to Springsteen: the KLH Virtuoso Series loudspeakers. These impressive audio transducers represent the best of what makes KLH synonymous with clear, lifelike sound. Combining state-of-the-art driver

components, computer-optimized crossovers, low-diffraction cabinetry and a musician's sense of speaker design, they are every bit the purist's speakers. Listen carefully. We think you'll agree the KLH Virtuoso Series speakers are everything that makes music part of your soul.

MODEL 81

With sound quality that belies its size, the Virtuoso Series 81 is the perfect choice for the audiophile with limited power or space. Designed to perform beautifully with as little as 5 watts to as much as 130, the Model 81 uses a heavy-duty, cast-basket 8-inch polypropylene woofer with a 20-ounce magnet for bass response you might not expect from a bookshelf speaker. Its 1-inch dome tweeter features a Kapton voice

coil former and ferrofluid cooling for sparkling, transparent highs and increased power-handling capacity. Engineered for wide frequency response, superior off-axis response and lifelike fidelity, the Virtuoso Series 81 puts room-filling sound in a compact package.

"The KLH speakers sounded about as good as they measured, which was to say very good indeed. Their output was as smooth and extended as that of many speakers selling for several times their modest price."

*Julian Hirsch
Stereo Review*

MODELS 62T & 82T

Virtuoso Series Models 62T and 82T offer convincing proof why tower speakers are prized by serious listeners for their excellent imaging and dispersion. Both models are sophisticated three-way systems delivering smooth, uncolored sound throughout the audio spectrum. Both models work flawlessly with power sources from 25 to 250 watts. Tight, powerful bass punches through loud and clear thanks to dual 6½-inch polypropylene cone woofers with die-cast aluminum baskets and heavy 20-ounce barium ferrite magnets. The Model 62T provides superb mid and high-frequency response with a 5¼-inch cast-cone midrange and 1-inch high-performance tweeter; the Model 82T uses a 3-inch cone midrange and 1-inch European-made cone tweeter for sound quality that rivals a live performance.

The seductive power of a ballad. The unbounded energy of a rock anthem. The emotion of a symphony. Experience them through the KLH Virtuoso Series. Speakers made by and for people with a passion for music.

"If any other model in this (price) range actually produces more satisfying sound than the KLH's did in my listening room, I have yet to hear it."

*Robert Long

KLH VIRTUOSO SERIES

SPECIFICATIONS

MODEL 81

Woofer:	8"
Midrange:	n/a
Tweeter:	1" Dome
Tuned Port:	Yes
Impedance:	8 Ohms
Sensitivity:	87 dB
Frequency Response:	30 Hz - 20 kHz
Crossover Frequency:	1300 Hz
Amplifier Power:*	5W to 130W
Dimensions:	16½"H x 10 ⅜"W x 11¼"D
Finish:	Oak or Black Vinyl

* Based on volume set below point of audible distortion.

MODEL 62T

Woofer:	6½" Dual
Midrange:	5¼ Cone
Tweeter:	1" Dome
Tuned Port:	Yes
Impedance:	6 Ohms
Sensitivity:	87 dB
Frequency Response:	35 Hz - 20 kHz
Crossover Frequency:	200 Hz, 800 Hz, 3000 Hz
Amplifier Power:*	25W to 250W
Dimensions:	38"H x 9"W x 11¼"D
Finish:	Oak or Black Vinyl

* Based on volume set below point of audible distortion.

MODEL 82T

Woofer:	6½" Dual
Midrange:	3" Cone
Tweeter:	1" Dome
Tuned Port:	Yes
Impedance:	6 Ohms

Sensitivity:	87 dB
Frequency Response:	35 Hz - 20 kHz
Crossover Frequency:	200 Hz, 800 Hz, 3000 Hz
Amplifier Power:*	25W to 250W
Dimensions:	38"H x 9"W x 11¼"D
Finish:	Oak or Black Vinyl

* Based on volume set below point of audible distortion.

KLH - A REFERENCE FOR EXCELLENCE

For nearly four decades, few names have carried with it as impressive a list of loudspeaker firsts as KLH:

- The first full-range electrostatic speakers in the U.S.A.
- The first high-fidelity table radio
- The first high-fidelity portable music system
- The first computer-controlled speakers
- The first home tape recorder with Dolby® noise reduction circuitry

KLH has always stood for superb sound, and equally important, outstanding value.

KLH MAKES MUSIC YOU FEEL.
